

Suspect Fraud In Flood of Overseas Package Letters

possible working of the "for parcel game" was evidenced last week in Bay St. Louis, when a number of citizens received letters in which the signers claimed to be overseas, and upon the signers of a certain sum of money to mail the package.

About ten of these letters were written by the EAGLE, and all were written by the same person with the same name and address, postmarked at the identity of the same substitution, requesting the same amount money.

The letters read as follows:

Pfc. Russell McNeil
2215 Hale St.
Detroit 7, Mich.

Sir: I am writing you. I am in the Army. And I just got back from overseas.

Before I got aboard the ship, I was to come to the States master for investigation. How a Soldier Came up to me, ever, it is thought there must be a ask me. If I would mail a others received in this area, the Packages for him I told him recipients of which have either could, he wanted them mail in forwarded the requested money States, they open all the through curiosity or tossed them Packages in New York, and into waste baskets as nuisances.

Second Polio Shot Slated

The State Board of Health has notified that the Salk Polio Vaccine will be available and delivered to the County Health Department on January 23rd, and to be used under the following conditions.

It is allocated and only for second injections to those receiving first shots in November and December, 1955. This allotment is based on the number received first shots, with a slight deduction based on normal abatement. There is not enough vaccine on hand at present to date the series in new children. Vaccine in this allocation now in your hands must not be used for booster or third shots.

It is probable that vaccine may be available enough in March or April for third or booster shots. It is more important that children receive two shots than to give third booster shots when vaccine is scarce. The next group to be vaccinated in grade one to grade six inclusive and under school children. Vaccine should be available to this group about March or April.

SCOUTS PRESENT PLAY

Senior Girl Scout troop of Bay St. Louis last Wednesday night presented a delightful one-act play titled "Marko Goes A-Courtin'." Very creditable performances were given by the entire cast, which included Linda Sharp playing the role of Pat, Baynard Amberlain as Jingo, Judy Helzlsouer as Lucy and Martha Allison as Ruth.

Donors at a girls camp were portrayed by Patsy Rosetta and Martha Carr. The play was part of the program of girl scout activities. Mrs. Kay Miller, president of the group, made a certain speech, asking all those who had contributed in the production of the play. She especially thanked Donald Chamorlain, troop leader, Mrs. Bruce Sharp, Mrs. Edward Heitzman Jr., Mrs. Phil Allison, Mrs. Mrs. Pude Saucier, and Mrs. A. McDonald and Sons' Furniture Department for the use of the building.

After the performance, Miss Miller presented the director, Mrs. Samuel, with a beautiful cake from the cast.

PHILLIP HAYES WRECK VICTIM

While returning from working with the American Legion Road Block for the March of Dimes about 4 p.m. Jan. 8, Phillip Hayes, 71, was the victim of an automobile accident.

Driving his Chevrolet car south on Second St., Hayes was crossing the intersection of Second and State St. when a new Ford pickup driven by Shubert collided with Hayes' car.

Shubert's truck then careened into the front yard of the Latham Garriga residence on Second St., knocking down several small posts in the yard.

Hayes' car smashed into a city water main, causing considerable damage. Water supply was curtailed for several hours while an emergency city crew worked at repairs.

Hayes was taken to Veteran's Hospital in Biloxi by John Rutherford Jr. and Warren Buehler. He was found to be suffering from a dislocated shoulder and body bruises. Shubert was uninjured.

Both car and truck were considerably damaged.

Boxing To Benefit Co. MOD Drive

On Thursday, February 9, at the Bay High Gym, the people of Bay St. Louis will be given an opportunity to witness an outstanding boxing show. This show is being held for the benefit of the Hancock County Chapter of the March of Dimes.

Chick Burns, popular New Orleans matchmaker is handling the matching for the local show. He reports that he has most of the top amateur boxers of the New Orleans area lined up and is expecting a top-notch show.

Ralph Dupas, New Orleans' own lightweight contender, will again be on hand to referee a few of the matches.

Anyone wishing to donate a trophy, one of which will be awarded to the winner of each fight, please contact Pat Murphy. Tickets will go on sale next week and will be available at Stevenson's Radio and Electric Service or Trapani's Knock-Knock Club.

HANCOCK COUNTY EAGLE

VOLUME SEVEN, NUMBER TWENTY

BAY ST. LOUIS, MISSISSIPPI, THURSDAY, JANUARY 19, 1956

Subscription \$2.00 a Year—Single Copy 10c

County Well Now Flowing 215 Barrels

Marshall R. Young is moving in a steam drilling rig for his Gus B. Baldwin Jr. et al No. 1, sec. 31-9s-15w, located approximately a half-mile south of his discovery well, the Cuevas Estate No. 1, sec. 30-9s-15w. It is reported that the venture may be drilled to below 13,000 feet.

Approximately seven miles north of the discovery, also in Hancock county, Young is drilling below 7100 feet in his wildcat, the Nellie Stem No. 1, sec. 22-8s-15w. The venture is expected to be drilled to approximately 10,800 feet.

The discovery well is reported to be flowing at the rate of 215 barrels of 43 gravity oil per day and approximately 1,500,000 cubic feet of gas. Operator is reported to have laid a line to the nearby Pearl River and is barging the oil out with the gas being flared.

In the Pistol Ridge gas condensate field on the Pearl River County side, Southern Production Company's lower Cretaceous oil test, the Pigford No. 2, sec. 3-1s-14w, is drilling below 7500 feet and scheduled to be drilled to 9800 feet. A second oil try in the gas condensate field is under way with Gulf Refining Co. drilling surface hole in its Morse Unit No. 1, sec. 3-1s-14w. The recent discovery of two oil producing zones below 9000 feet in the Pistol Ridge field has stimulated drilling activity.

Phillips Petroleum Company is drilling below 9900 feet in its Stone County wildcat, the Dantzler Lbr. Co. No. 1, sec. 8-4s-10w, located approximately 10 miles southwest of Wiggins. The important try is located on the Wiggins anticline and is scheduled to be drilled to 13,500 feet with reports that cores in the Eutaw and Tuscaloosa formations failed to log any shows.

NAMED CORRESPONDENT

Christopher Bell has been named special Hancock County correspondent for the New Orleans daily Times-Picayune.

Bell, who also is local INS correspondent, formerly was sports editor of the EAGLE and a sports staff correspondent for the Times-Picayune.

LWV OFFERS INFORMATION TO VOTERS

The league of Women Voters of Bay St. Louis, according to Mrs. Paul M. Miller, chairman of Voters Service, reminds the voting public of the special election for city commissioner coming up in February. Even though the voter has neglected up to date to pay his 1954 poll tax, he is eligible to vote in this election if he has paid his poll tax for 1955 before the first of February. The League stresses the importance of this election and urges every citizen to be equipped with his two poll tax receipts before the first of February.

Authorities to Seek Arsonists In County's Forest Fires

Building a Float?

STATE FLOWERS AND BIRDS

Theme of this year's Mardi Gras parade is "State Flowers and Birds." For those who have had trouble finding a list of the states' birds and flowers, here's a complete list:

Alabama—Goldenrod, Yellow Mommer
Arizona—Cactus, cactus wren
Arkansas—Apple blossom, mockingbird
California—Golden poppy, quail
Colorado—Columbine, Lark bunting
Connecticut—Mt. laurel, robin
Delaware—Peach blossom, blue hen chicken
Florida—Orange blossom, mockingbird
Georgia—Cherokee Rose, brown thrasher
Idaho—Syringa, Mt. bluebird
Illinois—Violet, cardinal
Indiana—Zinnia, cardinal
Iowa—Wild rose, eastern goldfinch
Kansas—Sunflower, meadow lark
Kentucky—Goldenrod, cardinal
Louisiana—Magnolia, pelican
Maine—Pine cone, chickadee
Maryland—Black-eyed Susan, oriole
Massachusetts—Mayflower, chickadee
Michigan—Apple blossom, robin
Minnesota—Mosses flower, American goldfinch
Mississippi—Magnolia, mockingbird
Missouri—Hawthorne, bluebird
Montana—Buttercup, western meadowlark
Nebraska—Goldenrod, western meadowlark
Nevada—Sagebrush, Mt. bluebird
New Hampshire—Purple lilac, purple finch
New Jersey—Violet, eastern goldfinch
New Mexico—Yucca, roadrunner
New York—Rose, raven
North Carolina—Dogwood, cardinal
North Dakota—Prairie Rose, western meadowlark
Ohio—Scarlet carnation, cardinal
Oklahoma—Mistletoe, scissor-tail flycatcher
Oregon—Oregon grape, western meadowlark
Pennsylvania—Mt. laurel, ruffed grouse
Rhode Island—Violet, Rhode Island Red chicken
South Carolina—Yellow Jessamine, Carolina wren
South Dakota—Pasque, ring-necked pheasant
Tennessee—Iris, mockingbird
Texas—Bluebonnet, mockingbird
Utah—Sage Lily, seagull
Vermont—Red clover, horn thrush
Virginia—American dogwood, cardinal
Washington—Rhododendron, willow goldfinch
West Virginia—Rhododendron, cardinal
Wisconsin—Violet, robin
Wyoming—Indian paintbrush, meadowlark

Ways and means of apprehending arsonists blamed for a disastrous fire that raged through more than 10,000 acres of Hancock County's forests last week will be the goal of landowners and law officers at a meeting Saturday morning, Jack Stewart, State Forestry Commissioner, Law Enforcement Officer from Hattiesburg told the EAGLE yesterday.

Approximately 50 small fires, which forestry officials charged were the result of "malicious arson" mushroomed into seven fires, the largest of which swept through 5,373 acres of timber.

Last Friday and Saturday aerial surveys were made by Area Forester Marion Parker and Bob Jones of the International Paper Co. Their surveys revealed that 10,071 acres of timberland were damaged.

Fire danger was at a peak when the fires began, according to Hancock County Agent Howard Simmons, who claimed the fires were "set with devilish cunning." Extremely dry weather for a prolonged period made tinder of undergrowth, and winds of 18 to 20 miles an hour whipped the flames through the county's forests.

Majority of killing from the fires was done to slash and lobolly pine three years old and under. Little or no long leaf pine in the area was destroyed, as high winds moved the fire too rapidly to kill the older growth.

Five outside counties sent men and equipment to combat the fire, which at various times during the night Tuesday and all day Wednesday threatened homes and outbuildings.

Heroic efforts were expended to keep the flames from enveloping the county poor house situated on the banks of Bayou LaCroix. Drilling site of Hancock County's second oil well also was in the path of the flames, as was Hancock County Airport.

At the airfield, help had to be called in to move the planes to keep them from being consumed.

Forester Parker and County Agent Simmons expressed great concern over the serious setback the fires have caused in the county's timber industry.

"The arson committed last week has retarded this industry drastically," Forester Parker declared. "It is the intention of the law enforcement officers of the State Forestry Commission to stay in this county until such time as the person or persons responsible for these fires have been caught."

He pointed out that 77 percent of the county's resources lie in timber.

"In the past," he said, "Log towns, Pearlinton and Kiln were prosperous saw mill towns, with their residents deriving good incomes from the industry. The failure to reforest when trees were cut soon resulted in the forests being depleted."

"The mills moved to other fields, and with their one source of revenue gone, these towns became practically ghost towns."

During the last few years, tree farming has been brought back to Hancock County by commercial planters such as Jack Loft and Sam Whitfield. Hundreds of thousands of slash pines have been planted and successfully matured. An industry was returning to the county.

"Now this industry has been set back a long way by the fire, which destroyed well over a half million trees," Parker said.

It takes 13 years for 1000 trees, planted 6 to 7 feet apart on an acre of land, to produce 240 trees 12 inches in diameter for saw timber, the forester explained.

Forestry Commission Law Enforcement Officer Stewart said that at the meeting Saturday morning landowners and residents of areas suffering from the fires will discuss with law officers methods of apprehending the arsonists. Sizeable rewards probably will be posted, he said.

During the last week fires continued to take their toll of the county's timber. However, it is believed they all were due to natural causes. None of the new fires consumed more than 30 acres.

Stewart and Assistant District Forester K. P. Birchfield of Wiggins have been in the county this week investigating the fires and assessing the damage. They said District Forester Oscar Tissue of Wiggins would join them in Bay St. Louis Saturday for the meeting.

Hancock County Girds For Polio Battle

A large volume of polio fighting in Hancock County joined forces with volunteers throughout the nation when the March of Dimes launched its 1956 campaign. The objective is to raise funds needed for polio patient aid scientific research and professional education.

Armed with Dime Cards, coin collectors and other fund raising equipment, a record number of volunteers will fan out into every part of the county in search of contributions to aid polio patients "born too soon to benefit from the Salk vaccine."

Service clubs, women's organizations and churches have pledged their support to the drive, which will continue till Jan. 1.

More than 4000 March of Dimes coin cards have been mailed out in preparation for the drive.

The American Legion has volunteered to place coin collectors at strategic locations throughout the county. A special events committee, headed by Pat Murphy, has planned a heavy program of events to help raise funds for the fight on polio.

"Thousands of men, women and children—some of them our own neighbors—are still suffering from the cruel aftermath of polio," Mrs. Theo Tudury, county campaign director, said. "Only a successful March of Dimes will enable us to meet their needs."

ASKS MOTHERS TO MARCH

Mrs. Pat Murphy, chairman of this year's "Mothers March on Polio," urged all women willing to join the Mothers March to call her, phone 129-R.

Thomas Refrigeration Service of Bay St. Louis, after careful study in the appliance field, is proud to announce that they have just taken the Norge franchise, the only home appliance line that meets their rigid standards.

"Teddo" Thomas and Herb Baron, of Waveland, who is Norge district manager for Interstate Electric, New Orleans, completed the franchise agreement here last week. Baron said "Mr. Thomas is the type of dealer we prefer, an experienced, service-minded, refrigeration expert, primarily concerned with his customers' satisfaction. 'Teddo' will go far with the Norge line."

The Norge Sales Corporation is a subsidiary of Borg-Warner, one of the largest corporations in the world. Now the 4th largest appliance manufacturer, Norge is producing the most complete line of gas and electric appliances on the market. In addition to white matching appliances are available in three colors, pink, yellow and green.

At the recent Norge National Convention held in Chicago the only completely new refrigerator on the American market was introduced—the Norge '56 Tri-Level Refrigerator" with three (3) separate food storage compartments. New concepts in design and color are making this refrigerator the "class of '56." These and other Norge appliances are on display in the Thomas showrooms at Bay Auto Service, corner Dunbar Ave. and new Highway 90.

THOMAS REFRIGERATION TO HANDLE NORGE

Thomas Refrigeration Service of Bay St. Louis, after careful study in the appliance field, is proud to announce that they have just taken the Norge franchise, the only home appliance line that meets their rigid standards.

"Teddo" Thomas and Herb Baron, of Waveland, who is Norge district manager for Interstate Electric, New Orleans, completed the franchise agreement here last week. Baron said "Mr. Thomas is the type of dealer we prefer, an experienced, service-minded, refrigeration expert, primarily concerned with his customers' satisfaction. 'Teddo' will go far with the Norge line."

The Norge Sales Corporation is a subsidiary of Borg-Warner, one of the largest corporations in the world. Now the 4th largest appliance manufacturer, Norge is producing the most complete line of gas and electric appliances on the market. In addition to white matching appliances are available in three colors, pink, yellow and green.

At the recent Norge National Convention held in Chicago the only completely new refrigerator on the American market was introduced—the Norge '56 Tri-Level Refrigerator" with three (3) separate food storage compartments. New concepts in design and color are making this refrigerator the "class of '56." These and other Norge appliances are on display in the Thomas showrooms at Bay Auto Service, corner Dunbar Ave. and new Highway 90.

Norge also makes gas and electric ranges, freezers, automatic washers, gas and electric dryers, conventional washers and gas and electric water heaters.

The National Foundation for Infantile Paralysis has set \$47,600,000 as the absolutely essential figure to be reached in the January drive if the polio fighting needs are to be met.

ST CLARE'S MNS TO SPONSOR BOY SCOUTS

Sponsored by the Holy Name Society of St. Clare Church, Waveland, Bay Scout Troop 210 is being organized.

A meeting will be held Jan. 24 at 7:30 p.m. in the Waveland School and all boys from 11 years and older are asked to join if they live in Waveland, Clermont Harbor or Lakeshore.

Further information may be obtained by contacting Mrs. Colson in Waveland.

YACHT CLUB DINNER DANCE

The Bay-Waveland Yacht Club will entertain at a dinner dance for members and guests on Saturday, January 21.

Reservations must be made by noon on this date. Dinner will be served from 6 to 8:30 in the evening and dancing will follow from 8:30 until midnight.

Harry Hardin, Chairman of the House Committee, is in charge of the affair.

Improvements Mark Bay Little Theatre Progress

While not yet acquiring a marquee, the Bay St. Louis Little Theatre has come up with a brand new sign hanging over its front door, with the lettering "Bay St. Louis Little Theatre."

At the rate the theatre is improving since its beginning it probably won't be long before the stars of local productions will be able to see their names in lights during the run of a play.

Herbert Wise, newly elected business manager for the organization, reminds the public that membership cards to the theatre are on sale at this time, and may be secured by contacting him or by calling Erle Kirkpatrick, membership chairman. Membership dues will remain at \$5.00 for the season.

Four major productions are being planned by the group. Announcement of the first of the series will be made by Mrs. Ripple, Production Chairman, in the near future, and will probably be an early spring presentation.

LEGISLATURE COMMENDS PICAYUNE M S BAND

A house concurrent resolution commending the Picayune Maroon Tide Band, "The Pride of the Tug Belt," was introduced by Pearl River County Representative Delos Burks last week and passed that body by a vote of 121 to 0.

The band, as the resolution points out, was the only organization from the South invited to participate in the annual Tournament of Roses Parade held in Pasadena, Calif., Jan. 2.

The 100-piece high school band also gave a concert in Walt Disney's world-famous Disneyland.

Suffers Burns As Grease Ignites

Mrs. Fred Lenard was severely burned on her right hand this past week when a skillet of grease caught fire on her kitchen range.

Mrs. Lenard was cooking and had placed the skillet with grease preparatory to using it on the fire. She escaped more serious injury by quick extinguishing of the flames.

Her hair caught fire, but her face was not burned. She was treated at King's Daughters Hospital for the burns.

APPEALS TO DONORS TO MARCH OF DIMES

JACKSON, Miss.—At the mid-way mark in the March of Dimes month, Dr. Felix J. Underwood, State Chairman, is appealing to donors and volunteer workers to push the campaign over the top.

"Progress reports are encouraging, but we have a tremendous job to accomplish. Patient aid and therapy must be administered to 68,000 polio victims who will have to lead crippled lives. Mississippi has over 3,000 such victims, whom polio vaccine can help, but you can. Four polio cases have been reported in our state since January 1, and unfortunately, we can expect more. I join the thousands of polio victims everywhere in appealing to every able-bodied Mississippian to remember that every dime given to the March of Dimes helps to save lives."

The Council did not comment on the merits or demerits of any of the spending proposals. Three factors are used in arriving at the state's share of the total federal tax bill. They are direct taxes on individuals, corporation taxes, and state income taxes.

Each is computed to show the federal budget to state and total. The state's share of the national taxation means the total federal tax bill is divided by the number of states to show the average per state.

Reason for breaking down the estimated cost of the proposed federal budget to state and total is to show what the state's share of the national taxation means at the local level. The Council is also interested in the state's share of the national taxation.

Mission Held At OLG Church Is Huge Success

A Mission was conducted in Our Lady of the Gulf Catholic Church in Bay St. Louis last week by the Rev. George Brown of the Chicago Mission Band.

Each evening from Jan. 8 through Jan. 13 services were held at the church, beginning at 7:45 p.m. and lasting for about an hour.

A children's mission also was conducted by Father Brown Monday, Tuesday and Wednesday afternoons.

The services were excellently attended by parishioners.

\$1,808,950 County's Share National Budget

The proposed federal budget of \$65.9 billion, if adopted, will cost taxpayers of Hancock County approximately \$1,808,950, the Mississippi Economic Council estimates.

The Council estimates that the state would have to pay \$286.5 million or 45 per cent of the total federal tax bill, while citizens of this county are estimated to pay 8 per cent of the taxes paid by the state.

Reason for breaking down the estimated cost of the proposed federal budget to state and total is to show what the state's share of the national taxation means at the local level. The Council is also interested in the state's share of the national taxation.

"In the final analysis, all taxes must come from the people, and often it is hard to estimate what the billions appropriated in Washington take in dollars and cents from local taxpayers' pockets."

The Council did not comment on the merits or demerits of any of the spending proposals. Three factors are used in arriving at the state's share of the total federal tax bill. They are direct taxes on individuals, corporation taxes, and state income taxes.

Each is computed to show the federal budget to state and total. The state's share of the national taxation means the total federal tax bill is divided by the number of states to show the average per state.

The Movies Need Morals

Martin Quigley, Editor of the MOTION PICTURE DAILY and the MOTION PICTURE WEEKLY

When I was developing the production code, there was a lot of evidence in the news about the nature and purpose of the movies. Two opposing camps are in evidence today—but today's is sharper and more frank.

One viewpoint, which has the support of newspapers and magazines, holds that the sole purpose of the motion picture is to provide entertainment.

The other viewpoint, which has the support of the religious community, holds that the motion picture is a medium for the expression of the human mind and that it should be subject to the same standards as other forms of art.

Many would give this unlimited freedom of expression to the artist in our society, a clear indication of our departure from the religious traditions that are the core of Western civilization.

All art is moral. Art is created by human beings who must observe the mandates of the moral order. Art is intended for human beings who likewise are bound to observe the mandates of the moral law.

Motion pictures, as well as literature, painting, and sculpture, must obey this rule of morality in art. Those who argue freedom from moral restraint in movies are headed not to freedom but to personal and social enslavement.

The truth that makes men free will not be gained by indulgence and license. Only a conscientious respect for the moral law which has been providentially imposed on every person born into this world will bring man to the only goal consistent with his dignity and destiny.

For the purpose of this issue, I am presenting two opposing camps in the motion picture industry. The first camp recognizes that the motion picture is a medium for the expression of the human mind and that it should be subject to the same standards as other forms of art.

The second camp recognizes that the motion picture is a medium for the expression of the human mind and that it should be subject to the same standards as other forms of art.

DAN DAILEY STARS IN OLD
NBC-TV SPECTACULAR JAN. 21

Song and dance star Dan Dailey
musical spectacular, "Paris in the
Springtime," which the Oldsmobile
dealers of America will
21, from 9 to 10:30 p.m. (EST).

present on Saturday evening, Jan. 21,
over the NBC-TV network. Gale
Sherwood, Helen Gallagher and
Jack Whiting are featured and
Carleton Carpenter and Marcel
Hillaire have prominent roles.

Max Liebman is producing this
19th Oldsmobile extravaganza with
Rod Alexander choreographing.

"Paris in the Springtime" is an
original musical comedy which
shuttles between New York and
Paris, first depicting Dan Dailey
as an elegant concert dancer

whose manager, Jack Whiting, im-
pulses him to return to popular
musical comedy in Paris. Via
Swift video transition, the action
is whisked to the City of Lights

where Dailey meets Helen Gal-
lagher, his erstwhile dancing part-
ner, and Gale Sherwood, star of
a traveling American acting
troupe. Romance and emotion on
the Left Bank sparked by the
spring air spurs the competition

of the two female performers for
the heart of Dailey. In the end,
love and musical comedy win out.

Dan Dailey just completed the
MGM musical, "Meet Me in Las
Vegas," reaffirming his stature
as one of the most versatile Holly-
wood performers. He's acted,
sung and danced through 33 mov-

MISSISSIPPI ANNUAL COMMERCIAL VEGETABLE SUMMARY

Production of the principal com-
mercial vegetable crops harvested
in Mississippi during 1955 were
valued at \$3,323,000, a decrease
of 2 per cent from the 1954 value
of \$3,397,000. Crops included
are snap beans, cabbage, cucum-
bers, green peppers, spinach, to-
matos and watermelons.

These crops were harvested from
32,800 acres in 1955 com-
pared to 28,500 in 1954. Prices
received by growers for most veg-
etable crops averaged lower in
1955 than in 1954, the exceptions
being cabbage and tomatoes. In
total value of sales, snap beans
ranked first in 1955 at \$862,000,
followed by watermelons at
\$569,000, cabbage at \$483,000, and
tomatoes at \$448,000.

ies as well as Broadway shows
and TV spectaculars. Gale Sher-
wood is an Oldsmobile spectacu-
lar favorite having appeared pre-
viously in "The Desert Song" op-
posite Nelson Eddy and in "The
Connecticut Yankee."

Helen Gallagher is the vivacious
dancing comedienne who scored
great success on Broadway as
star of "Pajama Game," "Hazel
Flagg" and "Pal Joey." Jack
Whiting is one of the all-time
business greats whose show-stop-
ping soft shoe dances and comedy
are his trademarks.

OUR STATE

MISSISSIPPI TIMBER

Few states possess the wealth of timber to be found in
Mississippi. It is one of the chief sources of income to
the state, amounting to more than \$300,000,000 annually.
Because of the long growing seasons and ample moisture
it is practicable to grow 300 board feet of timber an acre
per year in Mississippi.

No better credit recommendations can be offered to a bank
than a Savings Pass-Book showing Systematic Deposits for a
Reasonable Length of time.
The thrift habit pays double dividends. Think this over.

LOAN COTTON MOVING

Cotton placed in the govern-
ment loan under the 1955 price
support program is beginning to
move to the trade at a price
which will pay all charges and
pay from two dollars to three
dollars per bale to the grower,
according to an announcement by
Mississippi Federated Cooperative,
B. G. Spivey,

RECORD NUMBER OF INDUSTRIES ATTRACTED TO STATE IN 1955

Manufacturing, the state's leading industry, was the most attractive to new industries in 1955, according to a report by the Mississippi Industrial Development Board.

A record 34 new and expanded manufacturing plants were attracted to the state in 1955, compared to 28 in 1954, the board's report shows.

The 34 plants recorded for 1955 attracted a total investment of \$15,000,000, compared to \$12,000,000 in 1954.

The board's report also shows that the state's manufacturing industry is the most attractive to new industries in 1955, with 27 new plants and 27 expansions of existing plants.

The board's report also shows that the state's manufacturing industry is the most attractive to new industries in 1955, with 27 new plants and 27 expansions of existing plants.

The board's report also shows that the state's manufacturing industry is the most attractive to new industries in 1955, with 27 new plants and 27 expansions of existing plants.

The board's report also shows that the state's manufacturing industry is the most attractive to new industries in 1955, with 27 new plants and 27 expansions of existing plants.

The board's report also shows that the state's manufacturing industry is the most attractive to new industries in 1955, with 27 new plants and 27 expansions of existing plants.

some of the new and expanded plants are still under construction.

According to records of the Mississippi Employment Security Commission, there were 104,000 persons employed in manufacturing in November, 1955, compared to 78,800 in November, 1949.

During the same period, the only decrease in manufacturing employment occurred in sawmill, logging and planing mill operations, a decrease of 4,400.

During the same period, however, 30,400 new jobs were actually filled in other types of manufacturing.

Mississippi's 1955 manufacturing payroll amounted to an estimated \$263,500,000.

Here is the record of industrial growth for the state, year by year, since 1949:

Year No. Plants New Jobs

1949 26 2,735

1951 26 6,236

1952 40 3,156

1953 53 7,504

1954 66 8,862

1955 94 10,070

The apparel industry last year accounted for the largest number of new plants 16, and expansions, 10.

Woodworking and furniture were close behind with 13 new plants, and 7 expansions.

The metal working industry built 10 of the new plants in Mississippi in 1955, and accounted for 5 expansions.

Food processing and stone, clay and ceramic industries each built 7 new plants, with expansions recorded for 3 food processing plants.

The petroleum, chemical and fertilizer industries were responsible for 4 new plants and expansions of 2 existing installations.

However, the petroleum industry made the largest single plant investment of \$18,000,000 for the new Black Creek Refinery at Purvis, which actually will be spent in 1956.

The 10 remaining new plants covered a wide variety of manufacturing products.

Mississippi's tremendous industrial growth in recent years was reflected in business volume

held earlier in the year.

Others enjoying the festivities were Mrs. O. Moran, J. B. Borge, B. Ladner, F. McCoy, Lawton, Hanks, Richmond and a guest, Mrs. B. C. Smith of Washington, D.C., who is visiting her mother, Mrs. H. Burleigh.

\$444 MILLION REQUESTED FOR SCHOOL AID

President Eisenhower asked Congress Monday to appropriate \$444 million dollars to help build public schools and solve the nation's "acute educational problems."

Of that sum, 376 millions would be federal aid to the states under a matching formula outlined in Eisenhower's five-year, 1 1/2 billion dollar program presented to Congress last week.

The remaining 88 millions would be set aside for school construction in areas overcrowded by military personnel or federal workers. These are called "impacted areas."

Eisenhower estimated that 214 millions would be spent in the fiscal year beginning next July 1, and that 64 millions of that would go to impacted areas and the remaining 150 million for general public school construction.

This is by far the biggest single increase in the budget's welfare package which calls for spending 228 millions more in the fiscal year that ends next June 30.

John Lumpkin has been named executive secretary of the Mississippi Public Service Commission, it was reported last week.

Lumpkin, an unsuccessful candidate for state senator in the Pearl River-Lamar-Hancock county senatorial district race last summer, was appointed by the three-member commission, it was said.

REHABILITATION BOOSTS EARNINGS 50 PER CENT

In the current issue of "Nation's Business" is an article entitled "Rehabilitation Boosts Earnings 50 Per Cent." Those rehabilitation

in federal taxes alone, according to national figures quoted in the article, there will be taxes paid to state and local governments.

"It is the tax return that we can think about especially," stated Travis McCharen, Director of the Mississippi Vocational Rehabilitation Division, in talking about the program.

The good that rehabilitation does in bringing about a satisfactory adjustment for the handicapped individual is important in our society today," continued McCharen. "It is also important to our way of life, because it is good economy to get a 300 per cent return in wages for the investment in a rehabilitation plan for the disabled person."

Other figures quoted in the write-up show that 75 per cent of the people who came to rehabilitation were not employed, and 20 per cent of these were on public assistance rolls. The total of disabled persons and dependent children involved in present public assistance programs is 1,000,000 and the annual state-federal cost is about \$500,000,000.

Miss Mary E. Switzer, Director of the Office of Vocational Rehabilitation in Washington, has estimated that 80,000 will be rehabilitated next year. "Two thirds of these should be Mississippians," stated McCharen. "We have enough people eligible for our program, but there just is not enough of our program to reach everybody who need our help."

The Vocational Rehabilitation Division has requested an appropriation of more than \$875,000 for the coming biennium.

Per capita income in Mississippi, still the lowest in the nation, increased from \$550 in 1944 to almost \$900 in 1954.

Based on this year's industrial activity and excellent crop reports, Mr. Allen predicts that per capita income will exceed \$900 for 1955.

DIDYANO???

that...

BY BOBBIE RATT

We are mixed up... was the game between SJA and St. Joe of the Pass BASKETBALL???

We had it confused at times with football and soccer... But it was interesting to watch...

Lotsa people had lotsa fun at Tootsie Saucier's surprise birthday party Sunday evening. Bobby Ladner was there with his new flame Liz Tillison... Joey Curet was with his true love Azalee Favre...

Ames Kergosien seemed to be having a good time with Rosie Coward... and others having a good time were Jo Ann Benigno, Norman Shiyou, Kathy Joyce, Sonny Martin, Frances Brenske, Carolyn Ladner, Kathy Treutel, Gerry Bink, Robert Fernandez, Bob Hubbard, Pat Kingston, Huey Payard, Joe Delph, Gail Banderet and oodles of others.

SSC's dance Saturday night is supposed to have a lot of excitement in store for plenty of people...huh, Penny???

SJA Juniors will give a dance on February 4. Everyone is invited to attend.

Those drooping heads and baggy eyes mean that those dreadful horrible mid-term exams have rolled around. Saturday will be a day of rejoicing for all—teachers and students.

Davy Crockett lives on in the hearts of many...especially Linda Auder and Barbara Kidd...but they just couldn't seem to find those Indians on the sandbars...and there weren't no bears either. Sad defeat.

Millie Piazza's football player is really going places. He has been calling her regularly but he just never seems to catch her. In the future she can be found sitting close to the telephone. Ah, luv...

Nellie Fisher is sporting Buck Parker's graduation ring...Hmmm.

COLLEGE STUDENT ARTICLES ARE FEATURED IN STYLUS

Articles by twenty Millsaps College students were featured in the first-semester edition of "Stylus," campus literary magazine.

The magazine is published twice yearly and contains student short stories, essays and poems selected as outstanding by the English department.

Reynolds Cheney, Jackson, is the editor of the 1956 "Stylus" and Hiram Polk, Jackson, is business manager.

Students whose articles were published in the magazine are: Lee Nicholson, Jackson, John Jackson, Eddie King, Vicksburg; Bruce Hodges, Jackson; Jerry Trig, Quitman; Clifford Rigby, Gulfport; Sam Scott, Sledge; Clara Parks Booth, Drew; Jackford, Laurel; Jack Taylor, Green-Dubard, Grenada; Nancy Crawford, Tex Sample, Brookhaven; Rita Krestenson, Ponte Verda Beach, Florida; Paul Comola, Yazoo City; Leslie Shelton, Jackson; Clara Lloyd Hemphill, Jackson; Shirley Caldwell, Laurel; Betty Anthony, Washington, Mo., and Bill Tull, Jackson.

Faculty advisers are Dr. H. C. White, Paul Hardin, Mrs. Marguerite Goodman and Miss Mildred Morehead.

JOHN LUMPKIN GETS POST WITH PUBLIC SERVICE

John Lumpkin has been named executive secretary of the Mississippi Public Service Commission, it was reported last week.

Lumpkin, an unsuccessful candidate for state senator in the Pearl River-Lamar-Hancock county senatorial district race last summer, was appointed by the three-member commission, it was said.

MISSISSIPPI HEART ASSN.

JACKSON, Miss.—J. D. Emmerich, editor of the McComb Enterprise Journal, has been named state chairman of the Robert Heart Fund campaign.

He will spearhead the activities of 50 Mississippi Heart Association county chapters in an annual drive for funds to combat the Nation's No. 1 killer, heart disease.

When he accepted the state Heart Fund, Emmerich said, "I don't have to be told what a tremendous problem heart disease is. Only a newspaperman—one who writes headlines day after day—can realize how many times he types 'fatal heart attack.' All too often, he's writing about a friend or neighbor."

"That's why a newspaperman doesn't need statistics to prove to him that heart disease accounts for over half the deaths in his community and state," Emmerich added.

Announcement of Emmerich's selection as state Heart Fund chairman was made this week by Dr. Arthur C. Guyton of the University Medical Center, Mississippi Heart Association president. Said Dr. Guyton, "The Heart Association is both fortunate and proud that such a man has joined the hundreds of Heart Volunteers in Mississippi."

Emmerich is nationally known for the caliber of his editorial writing and this year was selected by Freedom Awards for the top United States award in this field.

He is a member of the board of trustees of the Mississippi Institutions of Higher Learning and has long been devoted to the welfare of the community and the state. Emmerich's contributions

to the state's educational progress have been widely recognized.

Leonard, wife of the late Leonard, was born in Japan, where she was married to her late husband. She is now residing in the home of her daughter, Mrs. J. L. Carter, in the city of St. Louis. She is now 82 years of age and is in good health. She is a member of the St. Louis Chapter of the Order of the Eastern Star.

Mr. and Mrs. N. L. Carter will host a "Lute" afternoon cocktail party at their Waveland Beach home Saturday.

Richard Anthony is a medical student at King's Daughters Hospital.

Mr. and Mrs. Charles Lozano of New Orleans and Bay St. Louis are spending this week at their Jordan River home.

Miss Phyllis Buckley, daughter of Mr. and Mrs. Earl Buckley, who is a student nurse at Hotel Dieu in New Orleans, spent the week-end in Bay St. Louis with her parents.

Swiley, two year old child of Mr. and Mrs. J. L. Carter, is a patient at King's Daughters Hospital.

Charles Beam is a medical student at King's Daughters Hospital.

Purcell was discharged from King's Daughters Hospital where he had been a patient for the last several weeks. He has been suffering from a fever.

Mrs. James Locascio of Orleans, La., and Waveland, Miss., are in the city.

Emma Dinkelstein is a patient in King's Daughters Hospital. She is suffering from a virus infection.

Favre is a medical patient at the local hospital.

A. Eldredge and her husband, Walter Gex, Jr., are in the city.

Mrs. Eldredge on Jan. 26 from 3 until 5 p.m.

GIRL SCOUTS

The Bay St. Louis Neighborhood Association will host a film on "Troop 17" at the Gulf Scout House at 9:30.

The Annual Live Oak Council Dinner Meeting was held at the Gulfport Yacht Club at 7 p.m. Monday, Jan. 23. The dinner will be \$1.25 per plate, and reservations may be made with Mrs. C. C. McDonald no later than Friday of this week.

A new record player was donated by Mrs. Owen Jessup to the Neighborhood Association to be used by Leaders in teaching their girls Scout songs and folk dances. It was decided that Mrs. J. J. O'Neal would be custodian of the phonograph.

Mrs. Phoebe Jones, from Gulfport, showed a film on "Troop Finances," and at the next meeting Mrs. Don Chamberlain will show the leaders how to make shadow graphs.

Next meeting will be Feb. 21 and will be held at 9:30 a.m. in Our Lady of the Gulf Girl Scout House.

GOOD REPORTS AT B-W GARDEN CLUB BOARD MEETING

Two of the largest events of each year sponsored by the Bay Waveland Garden Club turned in extremely favorable reports at the monthly meeting of the executive board of the organization, which was held Monday afternoon at the home of the Club president, Mrs. Waldo Otis.

Mrs. Walter Hava, chairman of the annual Christmas party given by club members for hospitalized veterans in the Gulfport VA Hospital, reported 126 veterans received gaily wrapped gifts, candies and cookies, and were entertained by a number of club members who traveled to Gulfport for the event.

A letter of appreciation from thanking the Club and Mrs. Hava for the unusually fine party was read at the meeting. Mrs. Joyce Raymond is in charge and is now making appointments. The new shop is located upstairs in the building formerly occupied by Wilcox Electric on Coleman Ave. and the beach. Best wishes are extended to this new business venture.

Miss Frances Brenske, daughter of Mrs. Ruth Dufour, was hostess at a party Sunday afternoon at the Top Hat honoring her friend, Miss Marie "Tootise" Saucier, who celebrated her 16th birthday. The party was a complete surprise to the honoree.

During the afternoon delicious punch was served with finger tip sandwiches, birthday cake, cookies, candy and minis. About 60 guests were present who wished to break the code against "stool piggons."

Sorber also will die Feb. 9 while Jones drew a life sentence for his part in the slaying. Jones escaped from the state penitentiary last Tuesday with escape artist Nick Montos and is still at large.

WAVELAND

WANDERINGS

by
GEORGETTE B. HALL

Bay St. Louis Youth Center provided the scene last Thursday evening for the birthday party of Miss Sallie Yarbrough, daughter of Mrs. C. A. Yarbrough of Waveland.

All of Sallie's friends and guests enjoyed the delicious refreshments and dancing which completed the evening's entertainment.

Those present to wish Sallie many happy returns were: Larry Fayard, Gussie Thomas, Raymond Bing, John Perkins, Eugene LaFontaine, Barbara Morreale, Audrey Ladner, Janice Bankston, Marietta Schwartz, Carolyn Morreale, Thelma LaFontaine, Rebecca Perkins, Arthenese Noto, Tommy Hill, Barbara Villere, David Noonan, Pat Villere, Patsy Noonan, Lynne Hall, Geraldine Bourgeois, Marcel Anderson, Mary Bing, Sidney Doussan, Carol Bourgeois, Ronnie Favre and Kay Rome.

Adults who chaperoned the youngsters were Mesdames W. Rome, S. O. Rome, Ben Morreale, A. W. McKay and C. A. Yarbrough.

The newcomer belonging to Mr. and Mrs. Harry Lynch was christened Saturday at St. Clare's Catholic Church, the Rev. M. J. Costello officiating. The little lady was given the name of Laurie Jane Lynch Dr. and Mrs. Olio Molere were named the baby's godparents.

Ladies of Waveland will be glad to know that once again the town will have a beauty parlor. Mrs. Joyce Raymond is in charge and is now making appointments. The new shop is located upstairs in the building formerly occupied by Wilcox Electric on Coleman Ave. and the beach. Best wishes are extended to this new business venture.

PARA HOME IMPROVEMENTS

Senator John Stennis this week introduced a bill which would authorize insured loans for farm home improvement. Senator Stennis, commenting upon the bill, pointed out that limitations in existing legislation exclude many deserving applicants whose farms do not meet present rigid credit requirements. Since 1933 the Federal government has furnished a total of \$7.9 billion dollars to build family housing units; however, only one-half billion dollars has been used by farm families. The Senator's proposal would provide that loans be made by local banks and other private lending institutions. The only eligibility requirements would be that the farm operator be primarily engaged in farming or have historically lived on the farm, and that the borrower be unable to secure credit from other sources. Loans will be for a period of up to forty years at an interest rate not exceeding 4 percent.

Senator Stennis said, "Many farmers presently ineligible for assistance will be reached under this legislation. America is going through a transition. Many of our small farms are being liquidated. We want to make loans available to the man who wishes to continue living on the farm and rear his family there even though harsh agricultural conditions have driven him to take a job in town in order to support his family."

"These farmers should have an opportunity to apply for a farm housing loan if they cannot secure necessary credit from other sources. Past records indicate that this type of loan is a sound investment as only very few borrowers prove delinquent and the losses are very small."

Senator Stennis also pointed out that the provisions in the bill also authorize construction of needed farm buildings other than houses.

"I believe these loans will be hood Association met Tuesday, come and improving the standard of living of many of our Mississippi farmers. I shall press for early approval of this measure."

ALTAR SOCIETY AND MARGARET'S DAUGHTERS HAVE JOINT MEETING JAN. 5

The Altar Society of Our Lady of the Gulf Catholic Church and St. Margaret's Daughters met for their monthly meeting on Thursday, Jan. 5 in the Parish House. The Very Rev. Msgr. Michael J. McCarthy opened the meeting with a prayer.

Mrs. V. J. Piazza reported on the charity work performed. A report also was made on the party given for the Veterans at their Administration Bldg. in Gulfport. Letters of appreciation were read, which had been received from two orphans who had been sent boxes of clothing and gifts, an annual custom of the organization.

Thanks also were extended the women of the Altar Society for two boxes of gifts and clothing sent to D'Evereaux Hall and St. Mary's Orphanage.

Working committees to have charge of the two altars for the month of January were named. It was suggested by Msgr. McCarthy that a religious goods store be conducted during the term of the Mission which was held from Jan. 8 through Jan. 13. This was done by the groups.

Following the business meeting a social hour was enjoyed with Mrs. Ben Hille and Mrs. Waldo Otis as hostesses.

2ND PRC SESSION JAN. 23
Dean A. B. Nicholson of Pearl River Junior College states that the second semester of the current session will commence on Monday, Jan. 23 with registration on that date starting at 8 a.m. Nicholson further said that all students who desire to start school must register on this date. Registration will be in the college gymnasium.

The following twelve new courses to be offered the second semester are: Dairying and Animal Husbandry, Business Law and Business Communications, Salesmanship and Secretarial Training, Education 202 and Education 103, Descriptive Geometry and Slide Rule, Political Science and Geography.

All students must take Physical Education and must register for 15 to 18 semester hours credit according to Dean Nicholson.

CARNIVAL KICK-OUT

HIGHLIGHT OF PARENTS CLUB MEETING AT SJL

Reports from committees working with the Carnival Organization of Bay St. Louis highlighted the meeting of St. Joseph Parents Club held in the school library Tuesday afternoon.

Another Anna Mary, Convent Superior, presented each mother present with a statuette of the Virgin of the Highway, a New Year's Gift.

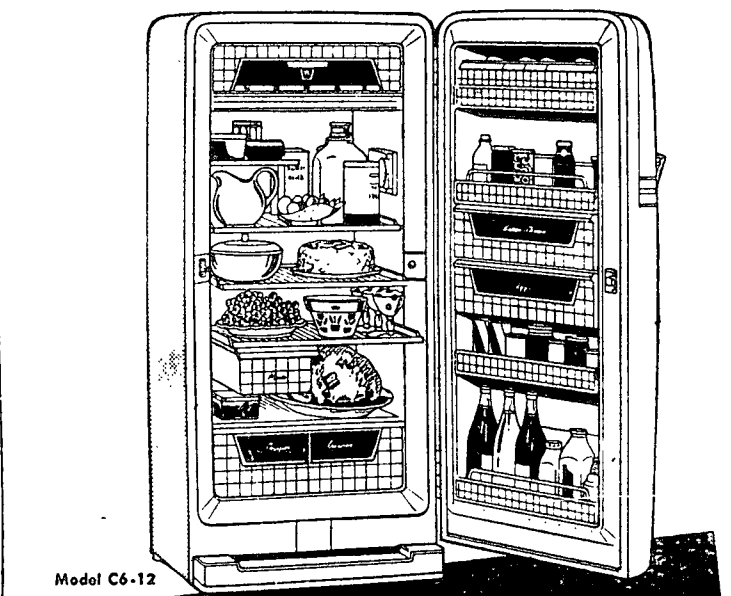

Mrs. Frank Kiefer, president, suggested a program be a part of each meeting, and asked for volunteer chairman to finish out this fiscal year, and that the incoming board should name such a chairman to provide planned programs for each meeting. This

GOODYEAR

This great tire is made with Goodyear's exclusive Triple-Tempered S-T Nylon—the only nylon cord that is fully controlled at its point of maximum resiliency and strength. The result? A tire so strong that impact blowouts are almost unheard of!

And its anti-vibration tread practically eliminates squeal on turns. This remarkable tread has 1808 inches of non-skid edges, 880 deep-cut safety slots for 15% greater skid resistance. When you realize that this new S-T All-Nylon Cord Super-Cushion costs only a few dollars more than standard tires, yet gives you so much more, you can see why we say, "Trade today without delay!"
